WHO WE ARE:

WHAT WE DO:

- **CASADEI STRUCTURAL STEEL INC** is owned and operated by a private corporation founded in 2001 that has grown into one of the largest structural steel fabricators in the state of Michigan.
- **CASADEI STRUCTURAL STEEL INC** provides the full scope of structural steel engineering, design, and detailing for all types of structural steel fabrication projects.
- Our team utilizes SDS-2 3D modeling software for detailing to provide precise design and specifications to our clients.
- We work closely with structural engineers and architects throughout the process to deliver the project on time, on budget, and with the expected quality.
- We are committed to ensuring the safe delivery of our solutions. Our safety program is continually improving to better serve our clients.
- Our highly qualified and dedicated employees bring numerous years of experience to the design and fabrication of our structural steel products and are geared toward prompt response to every inquiry.
